Nashville Ntrak News

By **Tom Staggs**

October was a busy month. We ran our layout at the TC Ry Museum for the excursion train passengers. Then we moved the layout to the Adventure Science Center for the Whistlestop Weekend; we will stay there through the Christmas Holidays. It was nice on moving night when the word went out for trucks to move the layout - **Leo Williams** a new member, brought his 18' enclosed trailer! Needless to say he was our "Hero" that night. Just one trip for everything!

Looks like we have two new members building new modules, two members refurbishing their set of modules and the Sunday work day will be reinstated if there is enough interest. A new member joined our group this month - **Mike Medley**, his wife Tracy and their two children joined as a family membership. Mike is into Web site building and is helping to refurbish our Nashville Ntrak web site. It is great to have him aboard.
